Course Overview:

Unlock your potential today with a **FREE** Maths Skills Checker

Don't worry! It isn't an exam and there is no pass or fail.

Have a go at home, online with your laptop, tablet or smart phone and find out your level.

Course description:

As part of our Skills for Life Multiply programme, we are offering the opportunity for you to register to use our online maths skills checker. By completing the FREE skills checker, you will be able to see the level of your maths from entry 1 to level 2 and understand if there are areas of numeracy you might want to improve.

Don't worry - there is no pass or fail mark! When you register your interest, you'll receive an email acknowledgement with a link to our online enrolment form. Complete your enrolment and we'll be in touch with your personal log in and password. We'll also direct you to our help videos that will show you the process step by step and provide details of how you can access support if you need to.

The assessment can be completed on a laptop, tablet or mobile phone but you will need to have access to the internet for the assessment.
